To Whom It May Concern:

Please accept this letter of our support for Along the Way's application to the Pocono Mountains Community Fundraiser.

Along The Way provides the highest level of childcare in the family's home and is a real solution to one of our community's largest problems. This agency connects single mothers with the care they need to return to the workforce or gain education to break the cycle of poverty. In Monroe County, one of the biggest obstacles for single mothers with no support system, is the lack of being able to work, due to childcare. Along The Way is revolutionizing the way communities support working parents and families and not only does this provide a path out of poverty, but employment retention for our businesses.

We are fortunate to have this solutions-oriented program in our community. Supporting and bolstering their efforts will undoubtedly have a direct positive impact on our families and employers.

Thank you in advance for your consideration of this outstanding local program. Should you have any questions, please do not hesitate to contact either of our offices.

Kind Regards,
